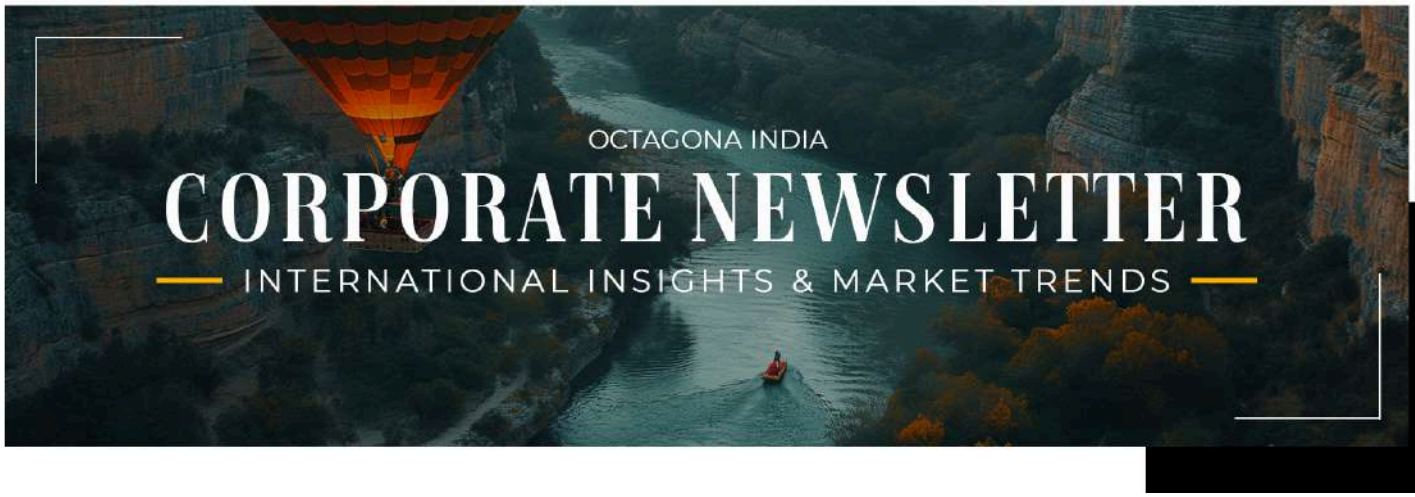
OCTAGONA
A BONFIGLIOLI CONSULTING COMPANY



Building Stronger Partnerships Through On-Ground Engagement

Meaningful client relationships are built through direct interactions, collaboration, and a hands-on approach to business support. Our team members visited clients across Gujarat and Moradabad to strengthen partnerships and gain a better understanding of their business needs. The Pune team also visited clients at their premises, fostering closer collaboration and reinforcing ongoing engagement.

Additionally, our team accompanied a client to the GST office in Varanasi, providing on-ground assistance during official engagements. These visits highlight our commitment to staying connected with clients, addressing their evolving requirements, and building long-term business relationships through personalised support and meaningful collaboration.

Indian Electronics Exports Surge 70.4%

US-based semiconductor equipment manufacturer Applied Materials announced plans to invest **US$5 billion in India over the next decade** under its *India Vision 2035* initiative. The investment will focus on strengthening research and development (R&D), expanding the domestic supplier network, and developing specialised talent to support India's growing semiconductor industry.
