INTERNATIONAL INSIGHTS & MARKET TRENDS

## Moments of Engagement

KEY COLLABORATIONS AND MILESTONE MOMENTS

Octagona India has recently participated in several key events across the country in June 2025. We welcomed Mrs. Andrea Mamarella to our India office for strategic growth discussions. Vishnu Krishna, Director of Octagona India, attended the MEI India Office Cum Demo Centre Grand Opening in Bangalore. A joint venture meeting between an Italian company and their Indian counterparts was held in Chandigarh with support from Octagona's Vishnu Krishna and Naina Goyal, Head of Legal & Compliance Division.

We also hosted a Myrtha Pools India's Sales and Operations Head for business discussions and HR interviews. Our BIS team facilitated a workshop on Scheme X for an Italian client. Vishnu Krishna and Anshul Sharma led the discussions.

To strengthen thought leadership, our Director Mr Alessandro Fichera and Vishnu Krishna spoke at a BIS webinar organised by the Indo-Italian Chamber of Commerce.

## From The CEO's Desk

June was a hot month, in more ways than one. While Delhi and most of India sweltered in the heat, Octagona India kept moving forward with a steadfast focus on meeting the business needs of our clients. There are many highlights during the month but the ones I would like to share are: advising our client in going ahead with a Joint Venture with an Indian conglomerate; advising a client on recovery of compensation for a foreign based Director and holding a workshop for a client on BIS Scheme X as well as as speaking at a webinar on the same topic in association with the Indo-Italian Chamber of Commerce. We also added a dedicated resource for BIS consultation in our Delhi team.

**Vishnu Krishna**  
Director - Octagona India
