**Update** | BIS Compliance

### Cookware, Utensils & Cans Order

Revised quality control order with phased implementation timelines

BIS certification is now mandatory for selected cookware, utensils & aluminium food cans in India, replacing the 2025 order & covering manufacturing, sales & imports.

Implementation Deadlines
General Enterprises 1 October 2026
Small Enterprises 1 January 2027
Micro Enterprises 1 April 2027

From October 2025, selling non-BIS-certified cookware and aluminium food cans in India will not be permitted.

## From The Desk

The past few months have been both demanding and rewarding for our team. We have addressed several new challenges that required swift action, adaptability, and close coordination with multiple stakeholders.

From engaging with regulatory authorities such as the Labour Law Departments and the Ministry of Corporate Affairs to managing evolving compliance requirements, our team has ensured seamless execution. In addition, we continue to provide key operational support to our clients, including maintaining statutory records, reviewing documentation, and helping them navigate potential regulatory hurdles.

During this period, we also drafted and reviewed key agreements, including Joint Venture and Shareholders' Agreements, successfully managed the incorporation of a Joint Venture Company along with its post-incorporation compliances, and handled NCLT-related matters for our clients. These engagements have strengthened our processes, enabling us to anticipate challenges more effectively and ensure smoother, timely execution.
